Dear Friends and Family of Scenic Nursery,

I would like to thank those that have approached me over the last few days to express their fond memories and appreciation for Scenic Nursery. I have so many good memories and I would like to express my gratitude to the community for your business over the last sixty-plus years.

The Modesto gardening community has been a joy to work with. I suppose that when people are thinking about gardening, plants, and flowers, they are always in a good mood. We have developed a tremendous number of friends among our customers, many of which have come in since the announcement of our closing. I appreciate the support you have given myself, my mom and dad, and our staff.

Obviously this is a sad time for the staff and me, but I must say that the words and stories I have heard over the last few days especially have made me realize that we have accomplished what we sought to provide over the years. We created a business that gave recommendations you could trust, sold only the very best quality plants, and created an oasis for people to visit and enjoy.

I will miss you all.

Happy Gardening,
